I'd like to see you in the morning
In the evening but you need a warning
I'd like to see you it's a last ditch
Come on you gotta I ain't sayin' there's not a hitch

Come on out now it's the only
Can't think I know how
Is that all you're gonna let me say?

I'd like to see you and don't you miss it?
I lied again today and now I wish that
You'd believe me when I need to
You should be weary what if I were you

Can I come along, I can't take the strain
Now what else is wrong, sure, I'll take the blame
I'd like to see you in the morning
In the evening but you need a warning

I'd like to see you don't you miss it?
I lied again today now I wish that
You'd believe me when I need to
You should be weary, I would if I were you

Can I come along, I can't take the strain
Now what else is wrong, sure, I'll take the blame
Come on out now it's the only way
Can't think I know how is that all you're gonna let me
say?

You got things to do
So, what else is new?
Won't you give me some?
Bring it back for me
Won't you come and see?
You're the only one

So, what else is new?
So, what else is new?

You got things to do
So, what else is new?

Won't you give me some?
Bring it back for me
Won't you come and see?

You're the only one
You're the only one
You're the only one
[Incomprehensible]
