All's well at the midnight hour
You're ready to fly
Don't think about the darkness
Or the rumbling in the sky

Somewhere on the morning road
Just waiting for you
Somethings that just could never be
Are calling up a spell so you can see, yeah

Dream evil
The dark that you find
In the back of your mind
Dream evil, dream evil

Don't go to the edge of rainbows
Don't close your eyes
Like things that can't be real
The truth is really lies

Don't wish on a rising star
You should open up the door
Where things that just should never be
Are calling up a spell so you can see, yeah

Dream evil
The dark that you find
Can come out of your mind
Dream evil take you away

Oh, no, it's the midnight hour
Don't leave me alone
Those things that just should never be
Are calling up a spell so you can see

Dream evil
Dream evil
Dream evil
Dream evil
Dream evil

Oh, no, it's the midnight hour

Don't open the door
Don't go to the edge of rainbows
Don't sleep any more

You'll dream evil
You'll dream evil
You'll dream evil
Dream evil
