"Eat Your Heart Out"

Well it's a long hot road, I've been upon
Through the desert of your soul
I've looked high and low for water
But it's not there, no no

And all the promises of springtime
Turned to lies, so cold
But I'm stronger than you know
And I've come to let you go

Go eat your heart out
You've been a bad, bad girl
You've been hungry all of your life
So eat it out

I've been a prisoner just locked away
Inside your velvet jail
It don't matter at all
Some things can grow without the light, alright

Spinning cages for her pleasure
Weaving chains to hold the prize
Magic moments with the jailer
All on fire and then he dies

Eat your heart out
You've been a bad, bad girl
You've been hungry all of your life
Yeah

We speed across emotions
And then we lose our hold
We turn on wings of passion
That we can't control

And all the promises of springtime
Turned to lies, so cold
But I'm stronger than you know
And I've come to let you go

Go eat your heart out
You've been a bad, bad girl

You've been hungry all of your life
So eat your out

Eat your heart out
You've been a bad, bad girl
You've been hungry all of your life
So eat it out

Eat your heart out
[Incomprehensible]
Eat your heart out
Spinning cages for her pleasure
Weaving chains to hold the prize
Magic moments with the jailer
All on fire and then he dies
