Good night, we're closing again  
Come back, we're open tomorrow  
We've finished today  
I'm just staying away  
We know what's good for the brain

Oh, plastic dreams and fast machines  
Pushing it to the limit  
Girls and boys who think that noise  
Is music in the air  
Twisted felon, stay awhile  
Here's your invitation  
Dirty rags and body bags  
Evilution

Hello, we're open once more  
Come in, you need no appointment  
We're thinking in time  
That you'll move down the line  
And represent the business in hell  
Well, well

Tell her hope is gone but you carry on

We can set the soul free  
All is lost so what's it costs  
To listen anyway  
The world upstairs where no-one cares  
Is just about to crumble  
See it through we'll burn for you  
Evilution company

Oh, neon names play neon games  
Showing it to the public  
I hate you and you hate me  
And everybody smiles  
So money talks and no-one walks  
But everybody's crawling  
Golden rags and body bags  
Evilution

Hello, good night, it's me

I'm open again  
Come back, come in, good bye  
We're closed
