Screaming out alone in the night
Just a time and a place but it's real all right
We are diamonds that shine without fire
We are climbing the stairs going down and never
higher

We're fallen angels

You know something came to me in a dream
The crack of a gun and a bloody scream
Then I could see the faces and why
I was holding the gun? And the world began to die

Fall-fallen angels
Falling down
Fallen angels
Come gather round

It's a criminal world
And we all get to play
You're a criminal
Sins of the children
Never get washed away

We're fallen angels
Goin' down
Oh now we're fallen angels
Hey angels gather round

We are screaming out alone in the night
Just a time and a place but it's real all right
We are diamonds that shine without fire
We are climbing the stairs going down and never
higher

We're fallen angels
Fallen angels
Fallen angels

If something comes to you in a dream
Open your eyes and scream it out
Remember that the evil will rule

It's waiting outside to bring pain for you
