Two faces
On fire
No traces
Something has swallowed the night
You know that nothing can make it all right

Yeah
Like candy
Emotion
Too much and sugar can turn to sand
You scream but nobody touches your hand

Are we just shouting at the pain?
Or do we see just what we are?
We're naked in the rain
Naked in the rain

Two children
Guns loaded
Take aim and blow all the dreams away
Too late for anything better to say

Hey
Are we just crazy with the pain?
Or do we see just what we are?

We are naked in the rain
Naked in the rain
Naked in the rain

Two faces
No fire
No traces, fever has turned to snow
Hearts break to show you the way as you go, ooh

Are we just running from the pain?
Or do we see just what we are?
We're naked in the rain
Naked in the rain
Naked in the rain
Naked in the rain

Two children
On fire
Emotion
Burns higher
Guns loaded
Blow all the dreams away
Naked in the rain
Naked in the rain
Frightened by the pain
Naked in the rain
