Bo bo bo bo bo
Shoo be doo-d-doo bop bop bop
Shoo be doo-d-doo yeah yeah)
(heard throughout song)

Can't we be sweethearts? Why don't we fall in love?
Right from the start, you're the girl I'm dreamin' of
Oh can't you see you're the one & only girl for me?

Please by my sweetheart; don't you know the way I
feel?
Don't play the part; please make my dreams come real
Oh don't you know, don't you know I really love you so?

Bridge:
We'd walk hand in hand in our wonderland
The world would be our own
I'd make love to you, lovin' kisses too
You'd be mine alone

(repeat verse 1)

(repeat bridge)

Can't we be sweethearts? Don't you know the way I
feel?
Don't break my heart; please make my dreams all real
Oh don't you know, don't you know I really love you so?

(scat singing, fading out)
