I'm gettin' older day by day  
It's comin' time to break away  
So many things I wanna do  
On my own, I'm gonna make it alone, 'lone, 'lone

I'm gonna get myself a car  
I'll travel near, I'll travel far  
Just like the men I'll be free  
On my own, I'm gonna make it alone, 'lone, 'lone

Wo wo wo yeah now  
Wo wo wo yeah  
Wo wo wo wo  
Wo wo wo wo

CHORUS:

I'll find a town to hang around  
I'll be the man to shake my hand  
The girls you find will all be mine  
I'll make some money in a rush...yeah, be too much  
I'm gonna get out of this place right now  
It's gonna change my luck somehow  
I'm gonna leave with no goodbyes  
On my own, I'm gonna make it alone, 'lone, 'lone

Wo wo wo wo  
Yeah yeah yeah yeah now  
Wo wo wo wo  
Wo wo wo wo

(chorus)

(Wo's, fading out)
