Doo-doo-wah's by backup singers, wo's by Dion)

I'm just a fool searchin' for someone to care  
I've searched the whole world over, but you don't hear  
my prayer  
Wo yeah (searching for my love)  
Uh huh (girl I'm dreaming of)  
Oh in my lonely world (lonely world, lonely world)

Wo I'm tired of bein' lonely; I want someone to love  
No matter who's beside me, it's you I'm thinkin' of  
Wo yeah (searching for my love)  
Uh huh (girl I'm dreaming of)  
Oh in my lonely world (lonely world, lonely world)

Wo you know my world kind of falls apart  
'Cause you love someone else  
Yeah my heart, my soul, my whole world was you  
You mean more than life itself

No one will ever know, dear, the suff'ring I go through  
I suffer most of all 'cause I can't stop loving you  
Wo yeah (searching for my love)  
Uh huh (girl I'm dreaming of)  
Oh in my lonely world (lonely world, lonely world)

(Wo's by Dion, singing of title by backup singers,  
fading out)
