(one heart you are following)

VERSE 1

you can run
and you can begin
in a place
where you don't fit in
'coz love will find a way
Yeah
when you're down
you can start again
turn around
anything you're in
love will find a place

CHORUS

if you got one heart you are following
one dream keeps you wondering
love lights your way through the night
one wish keeps you trying
once you're silver lining
love lights your way through the night

VERSE 2

you can fall
a thousand times
you can feel
like you've lost your mind
but love will find a way
Oh yeah
and a minute
can change your life
and a moment
can make it right
love will find a place
Yeaheaheah

CHORUS

if you got one heart you are following
one dream keeps you wondering
love lights your way through the night
one wish keeps you trying
once you're silver lining
love lights your way through the night

everybody needs something to hold on to
everybody needs something to hold on to

CHORUS

if you got one heart you are following
one dream keeps you wondering
love lights your way through the night
one wish keeps you trying
once you're silver lining
love lights your way through the night

CHORUS

if you got one heart you are following
one dream keeps you wondering
love lights your way through the night
one wish keeps you trying
once you're silver lining
love lights your way through the night
