Why must I love you so much
Sandy, I long for your touch

Better luck the next time, Sandy
I gotta tell you that we're through
Find a guy who's always handy
Listen, girl, I'm leaving you

Dum didda dum...

I love a girl around the corner
Just found out that she's no good
I left her, didn't even want her
But I'd crawl back if I could

Why must I love you so much
Sandy, I long for your touch

I never thought you would put me down
I can't believe that you're untrue
And now the news is out around town
Yeah, what else can I do

Whoa, dum diddle...

Oh, these words of pain
I can't explain, oh, and all
Those tears I cry for you

Better luck the next time, Sandy
I've gotta tell you that we're through
Find a guy who's always handy
Listen, girl, I'm leaving you

Why must I love you so much
Sandy, I long for your touch

I never thought you would put me down
Can't believe that you're untrue
And now the news is out around town
Sandy, babe, what can I do

Dum didda dum...
