Dooby dooby dip...

Get up
Let's do this dance now

This dance started down in DC
Now they're doing it down to V
All the way to the Pacific shore
Man, it's the greatest
Dance you ever saw

I said, get up everybody
And move your feet
Yeah, my drummer's
Got a swinging beat

Everything is grooving, people
Here's your chance
It's time for you
To do this dance

It's the Majestic, the Majestic
Do it, the Majestic, the Majestic
Yeah, that's great

Come on, everybody
Take a tip from me
They even got my
Message down in Waikiki

Grab your partner
And get on the ball
Everytime you hear this call

Cause there is no more Shimmy
And no more Bop
The kids in Philly have
Stopped doing the Slop

Yeah, everybody
Now you're looking just fine
People, get in a big boss line

Dance, dance, dance
Dance, people
Dance, people
Dance, dance, people

Yeah, with a little bit of soul
Get up

It's the Majestic, the Majestic
Do it, the Majestic, the Majestic
Yeah, do it, that's great

All the way from
Georgia to the Golden Gate
Kentucky and virginia
And the color state

They're even grooving in Chicago town
This dance is really getting round

Dance, people
Dance, dance, people
Dance, dance, dance, people
Dance with a little bit of soul
Get up and do this dance
