Come On...

Come On...

You've got such a bad attitude

Too much guilt and all your self infected rules

You suffer so hard, your heart is black and blue,

I think I know what's wrong with you,

You need a Love, sweet Jesus

You need a Love, sweet Jesus

You need a Love, sweet Jesus

Someone to hold you, someone to pull you through

I'm not your mother I'm not your fool,

I've got your number so don't act so cool

Who are you fooling, it sure ain't me

You better listen, there's somethin that your missin'

You need a Love yes you do,

You need a Love I'm tellin' you,

You need a Love yes you do,

Somebody be your best friend, bring out the best in  
you

It's so obvious it's true

Nothin' else can make you feel so good so

Get on your best dress, fix up your hair,

Get on your good side, and get out of there,

Don't be an island, your not alone girl,

You gotta grab your chance before it's gone,

You need a Love sweet Jesus

You need a Love sweet Jesus

You need a Love sweet Jesus

He'll be your best friend, He'll surely comfort you

Instrumental

You need a Love yes you do,

You need a Love I'm tellin' you,

You need a Love yes you do,

Somebody who will hold you, and surely see you  
through

Talkin' 'bout a real love, real love  
I'm not talkin' 'bout a counterfeit  
Talkin' 'bout a genuine kind of love  
You know, everybody let you down sometime  
Your mamma let you down, your daddy let you down,  
You even let yourself down  
[words indistinguishable]
