Well, here I go again
Looking with my eyes,
Seeing with my heart
Just like I used to do

You said hello again
Suddenly the lies sound
Just like the truth
And I believe in you

The tears of yesterday have gone away
Here in your arms I will stay
This time my happiness won't disappear
Loneliness is over

Well, here I go again
Looking with my eyes,
Things look bad for me
Seeing with my heart

I just close my eyes
And I can see, we're so in love

Oh, darling, darling, darling
Don't you ever go away from me
This time you've got to promise
That you're gonna stay with me

This time my happiness won't disappear
Loneliness is over

Well, here I go again
Looking with my eyes,
Things look bad for me
Seeing with my heart

I just close my eyes
And I can see, we're so in love

Oh, darling, darling, darling, promise
That you're gonna stay with me

No, no, no, don't ever
Don't ever go away from me

Oh, my darling, my darling
Don't ever go far away from me
This time you've got to promise
That you're really gonna stay right here with me
