It-It's spinnin' again  
It-It's spinnin' again  
It uh-uh spinning again  
We go for pain and try to shine  
In the perfect the moment  
We burn inside knowing  
The path is golden  
Save the strain in our eyes  
We're gonna do our best  
You and me will give it all  
Until nothing is left  
We're gonna catch the light  
And stay alive and feel the love  
Coming from the flame  
[Chorus]  
The world keeps spinnin'  
Changing the lives of people in it  
Nobody knows where it will take us  
But we hope it gets better, better, better  
We can stand the rain  
The clouds have all gone  
All on my shoulders  
Standing so strong  
Chase my ?? with all the clues gone  
Success and I? It's time to dream on  
Dropping it out, we're pullign this offload  
Negative vibe, we just stepped forward  
Swinging it out, we getting??  
Win us the key  
Make it known  
World is spinnin' faster  
Day by day gets harder  
Oh I'm a soldier  
Fighting 'til it's over  
{Yeaahh}  
Oh when all hope is gone  
Just keep it strong  
And feel the love  
Coming from the flame  
[Chorus]  
-----  
One day I know that

It will get better  
Music is healing  
I love the feeling  
(x2)  
One day, all people  
Will be equal  
Until that day comes  
I'll just be singing my song  
[Chorus]

-----  
(x2)  
As the world spins  
We'll keep trying  
If we hold tight  
We'll keep shining  
(x2)
