She screams out every night in a billion tears  
In desperate fear that you're somewhere near  
Faulting her action for all that's occurred  
Wanting to tell all never saying a word

Because she believes you're her hero  
She wants to believe that you love her  
But if you persist, she just might hurt you  
So I suggest you refrain and don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

You're trying to regain a sense of reality  
Only inches away from pure insanity  
Releasing the anger, the hurt, heartache and rage  
No more feeling like an animal stalked, trapped and caged

Because she believes she's a survivor  
She knows that she's on the right track  
But just you remember she's a beginner  
So I suggest you refrain and don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

Haunted by, haunted by, haunted by, haunted by  
Haunted by, haunted by the ghost of the thing left to past  
In a fear of the presence the power it has  
Realizing there's always a calm before the storm  
But there's no one left to keep her from harm

Because she is unable to distinguish one from another  
All she knows is she's not gonna let it happen again  
You should have left this one alone  
But I bet you won't ever touch her again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again

(Don't ever touch me again)  
Don't ever touch me again  
(Don't ever touch me again)  
Don't ever touch me again
