Ooh, ooh  
Ooh, ooh, ooh

Please tell me what is going on  
What have I done to you  
To make you feel so blue?

I know something has gone wrong  
I can see it in your eyes  
There is no need to lie

If I am truly your friend  
Maybe we don't agree  
But you can come to me

You know I'm here until the end  
Oh, and if I can ease the pain  
I'll make you see a brighter day  
Either now or later

Either now or later  
Either now or later, yeah  
Either now or later  
Yeah yeah yeah, ooh

I don't wanna pressure you  
I know you need some time  
To search and try to find

So put all your thoughts into view  
And you will soon believe  
Anything you can achieve

I hate to see you feel this way  
'Cause all your misery  
Is killing me, baby

Things will change if not today  
Oh, look to the Heavens up above  
And there is where you'll find your love  
Either now or later

Either now or later  
Either now or later  
Either now or later  
Go again, go again  
Go again, go again

Either now or later  
I want to be your friend till the end, oh  
Either now or later  
Wanna have you  
You're my, you're my friend

Either now, either now  
Either now or later, ooh  
Yeah, oh yeah  
Oh yeah, either now, oh  
Either now or later, later, baby, yeah  
Oh

Ooh, ooh  
Now I'm gonna do you either now or later  
One full time, here we go

Ooh  
Either now or later, ooh  
Ooh oh
