Hey man

Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in
Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in

Well, how many times have I told you
Not to get your feet wet
If you don't like the water on you
My baby, baby, baby get back

Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in
Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in

See just because it may look good
Don't mean you always have to indulge
'Cause that's when, when it happens
And you never know, you might fall overboard

Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in
Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in

It don't mean you always have to indulge
That's when, when it happens, keep goin'
And you never know, you might fall overboard
Keep goin', keep goin'

Don't go near the water if you don't like to swim
Be ready to go back to the [Incomprehensible]
Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in

I hope you're listenin' to what you hear
'Cause I would never tell you, no wrong
But you don't have to believe me
'Cause after all it's only a song

Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in
Don't go near the water if you don't like to swim
'Cause somebody just might try and push you in

That's fun, yeah it was
