Charlie drives a brand new Mercedes Benz  
He's got another one just like it  
Just like all his friends  
His wife is playing tennis  
And his kids are off at school  
He drives home to his empty house  
Sits by his empty swimming pool

But he's got power windows  
He's got power brakes  
He's got a power bed  
Push a button and it shakes  
He's got no one to talk to  
And tears rolling down his face  
He ain't got the power of love  
The power of love

Lewis drives a beat up '69 Dart  
Swears it's the statue of Mary  
Keeps the car from falling apart  
With Gracie right beside him  
Sitting closer than a smile  
She got her hand on his shoulder  
He loves to drive and hold her

He's got no power windows  
Got no power brakes  
He ain't got no power nothing  
But he got what it takes  
He's got Gracie's arm around him  
And a smile upon his face  
He's got the power of love

He's got the power of love  
Ain't that the power of love  
He's got the power  
The power of love

No air condition  
No cellular telephone  
He goes rumblin' down the highway  
Listening to his AM radio

One arm out the window  
And a smile upon his face  
Makes you wonder how it got there  
Till you see him look at Grace

He's got the power  
Ain't that the power of love
