Is it true whatt they're saying about you,
Have you really been untrue,
If it's so,I must go,even though it breaks my heart,
Have I given all my world,
To somebody else's girl.
Is it true,what all my friends are sayin',(is it true)
Is this just,a game you've been playin' (just a game)
Can it be,please tell me,can't you see,I've got to know,
Am building all my world,
On somebody else's girl.
This can't go on,if you're leading me on,I've got to
know,
I couldn't hold you tight,I wouldn't have the right,
If you're his, then tell me so.
Is it true,what all the world was sayin',(is it true)
Is this just,a game you've been playin',(just a game)
Can it be,please tell me,can't you see,I've got to know,
Am I building all my world,
Round somebody else's girl,
Am I building all my world,
Round somebody else's girl.
