Fighting with your best friends
And making up the very next day
Dating someone for about a week
And after that you lose interest
Going to the football games
And hanging with your friends
All day
Starting drama she said "what"
Oh my god, that little slut
But it'll all be over in an hour or two

These are the moments of our lives
Whether we like or we love it or we despise it
Broken hearts drama and tears
Cheers to our teenage years

Hanging out with all the guys
Who end up having no lives when they grow up
Starting up rumors to see how far they'll go
And then it turns into one big break and show
This girl is hurt she wants revenge
Now it's time to blame it on a friend

These are the moments of our lives
Whether we like or we love it or we despise it
Broken hearts drama and tears
Cheers to our teenage years

Talking to your boyfriends online all night
Then he breaks up with you
What will you do?
Have your best friends date him then break his heart
Yeah
Oh what fun these love games
We play

These are the moments of our lives
Whether we like or we love it or we despise it
Broken hearts drama and tears
Cheers to our teenage years

These are the moments of our lives (x3)

Cheers to our teenage years (x2)
