Buy me a rose that never fades and dies
And I'll show you a man who never ever cheats and lies
Find me a star and if you can prove the star you've
found just never disappears
I'll show you a man who'll never, never, ever, ever bring
you tears

Another night when I'm all alone
Another night without him
Another night when I stay at home
And worry so about him

I love him, and my love makes me proud
I need him, if he doesn't come back
I know I'll surely die.

Find me a cloud that never brings you rain
And I'll show you a man who never, ever brings you
pain
Find me a bird and if you can prove that bird you've
found has no wings but still can fly
I'll show you a man who'll never, never, ever, ever
leave you high and dry
Of a love so true

(Another night) Another night when I'm all alone
(Another night) Another night without him
(Another night) Another night when I stay at home
And worry so about him

I love him, and my love makes me proud
I need him, if he doesn't come back, I'll die
And he'll never, never, ever take me in his arms

(Another night) Another night when I'm all alone
(Another night) Another night without him
(Another night) Another night when I stay at home
And worry so about him
