Here I am, here I'll stay
All of my life we'll be together from now on
I was afraid but now my doubts and fears have gone
Here I am and here I'll always stay

I'll be wanting you, needing you
Don't let me go a single day without your love
You'll always be the one thing, I am certain now
Here I am, here I'll always stay

I can't lose you now that I found you
Please keep my arms wander around you forever

Here I am, here I'll stay
All of my life I'll be what you want me to be
All that I ask is that you just keep loving me
Here I am and here I'll always stay

Close to you, in love with you, my dear
Close to you, in love with you, my dear
Close to you
