Each time I pray
I search for words that say all that I'm going through
Here's what to say each time you pray
I give it all to you

How can I know what's real?
Oh, trust in yourself, believe in what you feel

I don't understand what's the master plan
Will it ever come together?
Yes, love will find a way

So open up your heart, hear the greater part
And it will, yes it will, oh, yes it will
Love will find a way

Listen, it's all a part of youth, searching for the truth
Seeing the way roads will lead you
Now I realize though problems may arise
There's someone I can come to

Time waits for no man, don't give up
It's time I take a stand, oh
(Take a stand)

I don't understand what's the master plan
Will it ever come together?
Yes, love will find a way

Open up your heart
(Your heart)
Hear the greater part
And it will, yes it will
Love will find a way

In the middle of the night
Love will always lead you to the light
You can win
(Oh yes, you can)
Just hold on

Don't give up the fight

(Don't give up the fight)
Love will make things right
You can win, you can win
You can win, you can win, you can win

Now I understand
(I know that)
Love will find a way

Open up your heart
(Your heart)
Hear the greater part
And it will come together
Love will find a way

Now I understand this is the master plan
Yes it is, yes it is
Love will find a way
I do believe, I do, I do, I do, I do

Now you know love will find a way
(Love will find a way)
I know it will
Just believe it, I do believe it
Yeah I'm sure love will find a way
