Never trust the stars  
When you're about to fall in love  
Look for hidden signs  
Before you start to sigh

Never trust the moon  
When you're about to taste his kiss  
He knows all the lines  
And he knows how to lie

Just wait for a night  
When the skies are all bare  
Then see if you care

Never trust your dreams  
When you're about to fall in love  
For your dreams may quickly fall apart  
So if you're smart, really smart  
Only trust your heart

Never trust the stars  
When you're about to fall in love  
Look for hidden signs  
Before you start to sigh

Never trust the moon  
When you're about to taste his kiss  
He knows all the lines  
And he knows how to lie

Just wait for a night  
When the skies are all bare  
Then see if you care

Never trust your dreams  
When you're about to fall in love  
For your dreams may quickly fall apart  
So if you're smart, really smart  
Only trust your heart

Only trust your heart  
Only trust your heart

Only trust your heart  
Only trust your heart

Only trust your heart  
Only trust your heart  
Only trust your heart  
Only trust your heart

Only trust your heart  
Only trust your heart  
Only trust your heart  
Only trust your heart

Only trust your heart  
Only trust your heart
