Take good care of you and me
Protect us from the things that hurt love
Jealousies that take you under
Lies that undermine

Please be fair to you and me
And don't betray the love I give to you
When you're away don't make me wonder
If I'm on your mind

Take good care of you and me real love is hard to find
Look in my eyes I'll fall in love with you
Over and over for the rest of our lives
Hear what I say now I want our love to be
The one that's the strongest and the one that survives
'Cause there's no one else
(No, no one else)
That makes me feel so glad I'm alive

Baby, one sorry note to end on
If we should fall apart
Take good care of you and me
I've given you my heart

Look in my eyes I'll fall in love with you
(Oh, yes)
Over and over for the rest of our lives
Hear what I say now I want our love to be
The one that's the strongest and the one that survives
'Cause there's no one else
(No, no one else)
That makes me feel so glad I'm alive

Hear what I say now
(Oh, hear me)
I want our love to be the one that's the strongest
And the one that survives 'cause there's no one else
(No, no one else)
That makes me feel so glad I'm alive

Look in my eyes I'll fall in love with you
Over and over for the rest of our lives

Hear what I say now
(I hear ya, baby)
I want our love to be
(Oh yeah)
The one that's the strongest and the one that survives
'Cause there's no one else
(No one else)
That makes me feel so glad I'm alive

Look in my eyes
(Look in my eyes)
I'll fall in
