The windows of the world  
Are covered with rain  
Where is the sunshine  
We once knew

Everybody knows:  
When little children play  
They need a sunny day  
To grow straight and tall  
Let the sun shine through

The windows of the world  
Are covered with rain  
When will those grey skies turn to blue  
Everybody knows

When boys grow into men  
They start to wonder when  
Their country will call  
Let the sun shine through

The windows of the world  
Are covered with rain  
What is the whole world coming to?  
Everybody knows

When men cannot be friends  
Their quarrel often ends  
With some have to die  
Let the sun shine through

The windows of the world  
Are covered with rain  
There must be something  
We can do  
Everybody knows

Whenever rain appears  
It's really angel-tears  
How long must they cry!  
Let the sun shine through
