Little creature crawl, fall.
When a big teacher, tall, calls.
Come to me my son, my one.
To sing the dream, moon sea's earths sun.
And go, just go.

When they haunted taunted they fragrantly flaunt it.
But were still here, with not fear.
Leading into the jaws of a beast.
But there's no regret, a belly full, nightly feast.

Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit

To know you the above and beyond.
We must know what's down and in our souls.
All the meanings that everything brings.
we all live, we all die for the high truth, its true

Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit
Ghost Spirit, Go Spirit
