Slide through in that 7-4-5 blue, right beside who? Killa
Where Jones, in the pick-up truck
Yeah, we use that to pick up stuff, pick up bucks
And my Denali is often parked, inside of my condo
How much did he sign fo'?

Oh, I bet you wanna know that money
Yeah, I bet you I won't show that money
I keep it stashed away, right next to the 4-4, money
Keep a lo-pro money, this is slo-mo money
I'm used to that fast crack, bag crack

Re-cook bag that, give it out, half that
If it still bags, have stacks
No more running back to me, coming back to me
