Give me Laugh Everyone dreams  
Give me Pain When the time is over  
Give me High In a world of contraditcion  
Give me... Dreams

Give me Laugh A grin  
Give me Pain As much as the lies  
Give me High No place to go  
Give me... Love...

I cannot reach your love, you cannot reach my love  
Even now, see...  
I cannot reach your voice, you cannot reach my voice  
Even now, but...

Give me Laugh As much as we made love  
Give me Pain Can I love you?  
Give me High In a world of contraditcion  
Give me... I will...

I cannot reach your love, you cannot reach my love  
Even now, see...  
I cannot reach your voice, you cannot reach my voice  
Even now, but...

The time will end, The time will change, Me, you and  
now, Like with the flow of time.  
The time will stop, Until the end, Let's say good night  
whit a kiss to a live with no fire

Give me Laugh  
Give me Pain  
Give me High

An end begins a trivial matter  
It's a time to burn everything  
If I could forget you without hesitation...

You laugh

Solitude laughs as it likes  
You laugh, you laugh, you laugh, you look down

The time is over, the time is over  
Sleeping with a kiss to unheated death

I cannot reach your love, you cannot reach my love  
Even now, see...  
I cannot reach your voice, you cannot reach my voice  
Even now

Dreams has dried up and changed into sand, will my  
dream bloom again?  
I cannot remember when I said goodbye, can your  
voice be reached to me  
But...

The time will end, The time will change, Me, you and  
now, Like the flow of time  
The time will stop, Until the the end, Let's say  
goodnight whit a kiss to a live with no fire

Give me... When the time is over...
