Brainwash makes us sing a sorrowful song.
People in waves, they sing along.
For the country to prosper. For the country to prosper.
It's the country's song
It's a bomb that's just covered up.

Freedom Love Riot Power
whores and prostitutes City of illicit sales
Politics Poverty Dictatorship Nuclear.
Is there such thing as freedom inside us?

Other than Victory the result is destruction
Being Supervised + the result equals despair.
For the country to prosper. For the country to prosper.
It's the country's song.
It's TI that's just covered up.

SPARK SUPLIMINAL VISION
L&P Love and peace is vanished
It's a city of destruction, and it's called Freedom.
Beautiful Fireworks light the night as children smile
with joy.

Cherring voices all around. Execute Firearm
Penetrates inside ONE TWO in the cranium ONE TWO
THREE
Sounds of firearm swirl like the whirlwind as it strike
the ears.
The prison guard jumps and screams in laughter.

People's emotions swirl in a whirlwind. Rebellion Felony
Shoot away ONE TWO Children ONE TWO THREE
Cleanse away. People scream
Awakening Awakening Awakening Awakening

SPARK AND SPARK
