"From me the assailant, to you, the victim"  
Every second, I drive it in.  
If I lick your ears, just drop it  
Here, hurry up and ask for more.  
Put it in your mouth, faster  
Lick the poison without missing a drop.  
If you miss one drop...

show - lie - mad - sexual  
1 - sad - sexually - 2 - sad - sexually

Here, hurry up and scream harder.  
Just hurry up and open up your eyes

On December 24, another person is trapped  
If I lick her all over - a 14-year-old girl,  
I'll just try to break your body  
I planted the seed and took it out.

She's in tears with a red mouth. Fuck her

Here, hurry up and scream harder.  
Just hurry up and open up your eyes  
See, if I look at it more and more,  
the honey keeps coming  
Make your sweet honey gush

I'll keep fucking you forever  
Here's to your drug-addicted head  
in your kissless kept head  
mad yet kool  
If I take the drug today,  
I'll start to fuck you

You've got a pretty mouth,  
You've got pretty breasts  
You've got a pretty voice,  
You've got a pretty face  
You've got a pretty part here,  
You've got a pretty part there  
Slick, sticky, sloppy,
