When I'm walkin' by myself  
Along the path that I should follow  
I can see one reason why  
I'm happy I can face tomorrow  
No ones gonna change my mind  
I'm gonna let my spirits climb  
As high as I can go I feel this way because I know

There's something 'bout heaven  
That brings you down to Earth  
Here in the moment with chapter and verse  
Oh we talk about living life for all it's worth  
It's heaven on Earth sharing my life with you

Suddenly I'm in a place  
I've never been and see no danger  
All you said was walk with me  
And you will never be a stranger  
All the world is here for me  
I opened up my eyes to see it  
That's the way I see it  
And its all because of you

Oh there's something 'bout heaven  
That brings you down to Earth  
Here in the moment with chapter and verse  
Oh we talk about livin' life for all its worth  
It's heaven on Earth sharing my life with you

Oh it's heaven on Earth (on Earth)  
Sharing my life with you

I am free cause I can see so far beyond the here and  
now  
Knowing heaven waits for me just clears it up for me  
somehow  
Everything I see and hear with everything you touch it's  
clear  
You are with me everywhere you never let me down

Cause there's something bout heaven  
That brings you down to Earth

Here in the moment with chapter and verse  
Oh it's all about living life for all its worth  
It's heaven on Earth sharing my life with you

Oh there's something 'bout heaven  
Oh here in the moment  
(sharing my life with you)
