Tried to reach you  
With a love song  
To let you know you're on my mind  
I made a record  
It made me famous  
Called the one you left behind

Fame and fortune  
May have found me  
Oh, but fate can be so unkind  
Because of you  
They come to see me  
They love the one you left behind

Chorus  
Ten thousand people know the words are true  
They cry for me  
As I cry for you  
But when the curtain falls  
And the show is through  
I'm still cryin' for you

When it's over  
And I'm forgotten  
They'll still be playin' this song of mine  
And you may wonder  
Whatever happened  
To the one you left behind

Chorus  
Ten thousand people know the words are true  
They cry for me  
As I cry for you  
But when the curtain falls  
And the show is through  
I'm still cryin' for you

When it's over  
And I'm forgotten  
They'll still be playin' this song of mine  
And you may wonder  
Whatever happened

To the one you left behind

Yes, you may wonder  
Whatever happened  
To the one you left behind  
Mmm hmmm
