I'll need time to get you off my mind
And I may sometimes bother you
Try to be in touch with you
Even ask too much of you from time to time

Now and then, Lord, you know I'll need a friend
Till I get used to losin' you
Let me keep on usin' you
Till I can make it on my own

I'll get by but no matter how I try
There'll be times you'll know I'll call
Chances are my tears will fall
And I'll have no pride at all from time to time

But they say, oh, there'll be a brighter day
But till then I'll lean on you
That's all I mean to do
Till I can make it on my own

Surely, someday I'll look up and see the morning sun
Without another lonely night behind me
Then I'll know I'm over you and all the cryin's done
And no more hurtin' memories will find me

But till then, Lord, you know I'm gonna need a friend
Till I get used to losin' you
Let me keep on usin' you
Till I can make it on my own
Till I can make it on my own
