Are we going to survive?
Or are we gonna die??
Live you life now
You'll be nuclear tomorrow
People's word is useless
They don't want to hear us out
We can speak louder and louder
But they still can't hear it

Go ahead
Go out get your terror supplies now
You bought into their advertisements
Now you're goin' down!
Go ahead
Go out get your terror supplies now
You bought into their advertisements
Now you're goin' down!

You don't wanna hear this
But either way you're dead
The leaders you trusted
They want your fuckin' head

They told you to buy shit
But it's no god damn use
You might as well go to the store
And buy yourself a noose!

We're goin' down
(Nuclear bombraid)
We're goin' down
(We will suffer)
Nuclear tomorrow
(Live your life now!)
Nuclear tomorrow
(Live your life now!)

Are we going to survive?
Or are we gonna die??
Live you life now
You'll be nuclear tomorrow
People's word is useless

They don't want to hear us out
We can speak louder and louder
But they still can't hear it
