I lie asleep  
A portrait of what we  
Want to believe  
This is never ending  
You left me with uncertainty  
If only I had listened  
Everything inside of me  
Will never keep you here

When this fight comes to an end  
I just wanna be with you again

Here I am, with the memories  
Back and forth again  
Such a distant voice  
And it calls to me, with the memories  
That I'm drowning in  
With my dying breath

No words to speak  
No one to hear me scream  
Uncertainty is still taking over  
What's left of me, I cannot be  
If only I had listened  
Dying for an answer  
As I stand above your name

When this fight comes to an end  
I just wanna be with you again

Here I am, with the memories  
Back and forth again  
Such a distant voice  
And it calls to me, with the memories  
That I'm drowning in  
With my dying breath  
Once again...

What's understated  
There will be an end  
What's overrated  
All the words we left unsaid

Memories...  
Memories are all we have  
Memories...  
Memories are all we have

Here I am, with the memories  
Back and forth again  
Such a distant voice  
And it calls to me, with the memories  
That I'm drowning in  
With my dying breath  
Once again...
