Your absolution  
A false solution  
You're no better off than me

No evolution  
No retribution  
For the words I don't believe

You can pray for me to follow

You can pray for me to follow  
But... I have no religion  
I can take the pain  
God damn, it don't mean shit to me  
You don't mean shit to me  
I am my decision  
I can take the blame  
God damn, you don't mean spit to me

Your revelation  
The masturbation  
Of all that you believe

A confirmation  
Your intoxication  
Is the sanctity you need

You can pray for me to follow  
But... I have no religion  
I can take the pain  
God damn, it don't mean shit to me  
You don't mean shit to me  
I am my decision  
I can take the blame  
God damn, you don't mean spit to me

I won't be your victim  
You're fucking killing me  
This world is killing me

I won't be your victim  
You're fucking killing me

This world is killing me

I have no religion

I can take the pain

God damn, it don't mean shit to me

You don't mean shit to me

I am my decision

I can take the blame

God damn, you don't mean spit to me
