Walking through the countryside.
Did you see the grass so green?
Did you ever stop and wonder why
It was turning so obscene?

It makes me wonder what went wrong today
Was it just an error, or did we let it slip away?

The power that a woman can have, over mankind
The power that a woman can have, over mankind

Take a look back at history you can see what she's
done!
Responsible for a thousand deaths
Feels guilty for none.
It makes me wonder what went wrong today
Was it just an error or did we let it slip away?

The power that a woman can have, over mankind
The power that a woman can have, over mankind

Walking through the countryside.
Did you see the grass so green?
Did you ever stop and wonder why
It was turning so obscene?

It makes me wonder what went wrong today
Was it just an error, or did we let it slip away?
