You labelled me at birth the minute I was born, you labelled me a child another little pawn, you labelled me a kid and sent me off to school, you labelled me a pupil another little fool, you labelled me religious and sent me off to mass, you labelled me a moron a stupid little ass, you labelled me a student a spotty little brat, you labelled me an animal, compared me with a rat, you labelled me an adult and sent me out to work, you labelled me a taxpayer an imbercillic burk, you labelled me working class 'cos of the job I did, you labelled me middle class when I earnt an extra quid, you labelled me for long enough so now its my turn, you labelled me too many things so I'm gonna make you learn, you labelled me a punk rocker 'cos that's what I chose to be, you labelled me an anarchist 'cos I believe in anarchy. (its punk innit?)
