"Manhunter"

What makes man feel so superior? That he can afford to take & abuse other lives in the search of fun. Do we not already have enough "BIG TOYS" in this world that destroy the world indirectly? That we need to kill & maim for our pleasure too. These sick people with their sick minds playing at a game of soldiers, where the "enemy" is not armed or equipped to fight back, where its only defence is the right of survival.. Well I should take man & hunt him on his own territory, hunt him until he can run no more, until exhaustion takes over his will to fight & BLOW HIS FUCKING BRAINS OUT. After I have made him bleed & suffer for my own fun, for my own sport, for my own pleasure. For my pleasure would be to put a stop to all this pain & suffering that mankind has inflicted on this 'dumb' race, this whole race. Is he really a species of beast? or is he the real burden?
YOU'RE SO FUCKING IGNORANT THAT YOU CANT SEE
YOU HAVE NO RIGHTS ON HUMANITY
