Watch yourself in this life we lead, if you cut yourself,
make sure you bleed, 'cos they're secretly building a
master race and this time round they wont leave a
trace. they'll contaminate your water, contaminate your
food, be real crafty, not too crude, they wont fuck it up
like the nazis did, they'll start in your family with your
youngest kid, they'll teach him how to think, they'll
teach him what to say, he wont be like the other kids,
he wont want to play, it wont be long before there's
nothing you can do, so now you know what's happening
the choice is up to you.
