

Dirt **"Bully"**

Don't be a bully,
What have I done to you?
Don't be a bully
And you can fuck off too.
You don't even know me,
Why can't we be friends?
I'll do anything
Just to make amends.
You think that I'm a coward
Well I know that ain't true,
If I was a coward
I'd be just like you.
You always have to show off,
You always have to fight,
If you had any intelligence
You'd see that I am right.
Violence don't solve nothing
It doesn't solve a thing peace
Is the only answer,
Were the ones who'll win, pacifism.
All were saying is "give peace a chance".
