I dare you to love me
After all that I've done
I dare you to see past all the things
That I have become
I dare you to wash it all away
And forget where I've come from
'Cause maybe I could be
Someone

Across the room watching you
I do an impression
Of someone who is unafraid resolute
Someone deserving of your pursuit

As I traveled the road became unraveled
Now I need to start this over

I dare you to love me
After all that I've done
I dare you to see past all the things
That I have become
I dare you to wash it all away
And forget where I've come from
Cause maybe I could be

Someone who won't cave under
Someone who can sing with the thunder
Someone who will leave their mark
On this world turned dark
I would she'd your light
If I only had your love
Your life

Naked before you
Exposed in each scar a biography
With you I've a new life
I'll put on the new dress you bought for me

As I traveled the road became unraveled
Now I need to start this over

I dare you to love me

I dare you to love me
I dare you to love me
After all that I've done
I dare you to see past all the things
That I have become
I dare you to wash it all away
And forget where I've come from
'Cause maybe I could be
Someone
Maybe I could be
Someone.
