(shaking "ooooos" & other scat singing)

Every day I lean on a lamppost, wasting my time
Every night I lay on my pillow, resting my mind
& every morning brings a new day
& every night that day's through
But tonight I just wanna stay here & be with you
& be with you

(scat singing)

Every day I don't wanna get up, get out of my bed
Every night I just wanna go out, get out of my head
& every night I wanna stay out
& every day I wanna do
But tonight I just wanna stay here & be with you, girl
& be with you

(scat singing, fading out)
