We had hope  
When I found you I was searechin' for myself  
For you were slowly leavin' someone else  
We were in that same old state of mind  
And we helped each other leave the past behind

We had dreams  
At first it all seemed too good to be true  
And we tried our best and did all we could do  
But if healin' can't be bound, how hard you tried  
And a smile can't wipe away the tears inside

(We had love)  
The kind that seems to come back, oh, so fast  
(We had love)  
Oh, but sometimes stronger than the kind that lasts  
It can lift you up and let you down  
While it helps you get your feet back on the ground

We had plans  
We made when we believed that we would try  
And we held on never dreamin' the dream would die  
You brought me back and taught me things I'd never  
chanced to see  
And I hope you'll always smile when you think of me

(We had love)  
The kind that seems to come back, oh, so fast  
(We had love)  
Oh, but sometimes stronger than the kind that lasts  
It can lift you up and let you down  
While it helps you put your feet back on the ground

(We had love)  
The kind that seems to come back, oh, so fast  
(We had love)  
But it was stronger than the kind that lasts  
It can lift you up and let you down  
While it helps you get your feet back on the ground

(We had love)  
(We had love)

(We had love)
