Walking down the street so long
Just trying to sing my song
Need time no place
To find a friendly face
S'cold outside in the pouring rain
I bite my tounge to hide the pain
Yeahh

I can't go much longer
Gotta hide the pain
Can't go much longer
Can't hold the strain
Can't go much longer
Gotta hide the pain
Gotta keep me from running
Can't hold the strain

Walking down the street so long
Just trying to sing my song
Need time no place
Find a friendly face
Going outside in the pouring rain
Not near you I can't be sane
Nooo

I can't go much longer
Gotta hide the pain
Gotta keep me from running
Can't hold the strain
Can't go much longer
Gotta hide the pain

Can't go much longer
Yeahhhh

Through my mind
Something I can never find
Started with a blur
With the absence of you
Through my mind
Something can never find
Started with a blur

With the absence of you

I can't go much longer
Gotta hide the pain
Can't go much longer
Can't hold the strain
Can't go much longer
Gotta hide the pain
Gotta keep me from running
Yeahhh

Through my mind
Something can never find
Started with my blur
With the absence of you
Through my mind
Something I can never find
Started with my blur
With the absence of you
With the absence of you
With the absence of you
Yeahh yeahh yeahhh
