Come with me to a place by the sea  
If your ship breaks down you can always find me  
Dirty J chillin' underneath the shady tree  
My fans are always welcome with my friends and family  
And if you wish, you can stay as long as you please  
Just lend a helpin' hand up in our cabin by the sea  
Well everyday is beautiful, the sun yes and the breeze  
And everybody lives together here in harmony  
And we will sing just as loud as we please  
And we will be forever so free  
So come follow me  
To the cabin by the sea

Picture you and me  
By a cabin in the sea  
You paint the fence, I'll hang a tire from the tree  
Our friends are all around  
And the storm is a no-show  
You said we look better in a black and white photo

Picture you and me in a cabin by the sea  
Sit up on our porch and we can burn a couple trees  
Our friends are all around  
And the storm was a no-show  
You said we look better in a black and white photo

But what the photograph don't show  
Is where we're headed tomorrow  
And when we have to go,  
We'll always be together  
In the black and white photo

Gather up some rocks and make a circle in the sand  
We'll fill it up with wood and make a fire with our  
Hands  
The smoke starts to rise, the moon starts to shine  
You bring the weed, we'll bring the whiskey in a bottle  
Pass it all around until it's all gone then  
We'll put a message in the bottle  
Put the cork back on  
We'll throw it in the sea

The message, it will be:  
If you find this send an ounce and another bottle,  
Please  
And we'll sing  
Just as loud as we please  
And we will be forever so free  
So come follow me  
Cabin by the sea

Picture you and me  
By a cabin in the sea

Our friends are all around

In the black and white photo

Ooh-oh, say we look better in the black and white photo

And when the sun goes down  
We can start a fire to sit around  
When the sun goes down  
We can start a fire, start a fire

When the sun goes down  
We can start a fire to drink around  
When the sun goes down  
We can start a fire, start a fire

When the sun goes down  
We can start a fire to sing around  
When the sun goes down  
We can start a fire, start a fire
