### "Shine"

Tad of a minor threat  
Born out of a sun set  
Been holdin the mic for many years  
And still dont have any guns yet  
Any one havin fun yet  
My heart beats like a drum set  
Take a look up in the sky and feel the heat  
Thats were I'm from yes  
Take a look around when we startin the sound  
Were like a public toilet seat  
Man you dont want to sit down  
And if you come to be yourself original then let it shine  
And if your friends are friends of love then all your  
Friends are friends of mine.

### *[CHORUS]*

If you come to be yourself original then let it shine  
And if your friends are friends of love then all your  
Friends are friends of mine  
If you come to be yourself original then let it shine  
If your friends are friends of love then were all friends  
Let it shine  
Let it shine  
Let it shine  
Why dont you let yourself  
When you need yourself  
Why dont you let yourself shine

Original we can flow, test the waters deep below  
Temperature set to explode, never stoppin till its  
Gold, through the fire through the cold, over  
mountains  
Down the road, cities come and cities go, movin  
individuals.  
So if you seen us then you know we aint trying to  
Be no one, we just dirty headed kids from the city of  
The sun, and I wish that we could stay but its time  
For us to shine if your friends are friends with love  
Then your friends are friends of mine.

*[CHORUS]*

Why dont you let yourself  
Why dont you let yourself shine

*[CHORUS]*
