"Taint"

Well its the two baddest, long haired, mother fuckers
right here
People call us dirtbags and you know that we just dont
care
If you relate to this statement let me see ya hands
'cause people hate on these things that they don't
understand
Supposedly, yes, we're all created equal
Then why the fuck is there so many angry people
Like my fans and the industry they've both got their
complaints
Now I'm stuck between a asshole and a dick just like a
taint
A smile and a screw face
A rock and a hard place
A dream and reality
Which one would you chase?
So if your listenin'
Your deffinition of
The Dirty Heads are here
It's the begining of

We are the last sons
Past generations
Left it to us to, resonate
Reggae and hip-hop
Dance hall to punk rock
DH is here to generate
We are the last sons
Past generations
Left it to us they, resonate
If you've been hated
Felt under rated
This ones for you we dedicate

So cool and deadly,
We rock it steady
With the soul movin' medelys
So yall get ready
For this next shit

Eclectic, calm and collected
We write songs that keep the whole world connected
And if you're ready for this brand new ?
That make you sick of these same old shitty bands
You need something that brightens up the day plan
Kids, me and you got so much to say man

So much emotion
So much inspiration
So much devotion
With no hesitation

So if your listenin'
Your deffinition of
The Dirty Heads are here
It's the begining of

We are the last sons
Past generations
Left it to us to, resonate
Reggae and hip-hop
We let the beat drop
DH is here to generate
We are the last ones
Past generations
Left it to us they, resonate
If you've been hated
Felt under rated
This ones for you we dedicate

Woah resonate
Woah resonate

No time in my life for me to hesitate
We write this song so we can resonate
The DH is here to generate
Dedicate these songs to all that can relate

No time in my life for me to hesitate
We write this song so we can resonate
The DH is here to generate
Dedicate these songs to all that can relate

We are the last sons
Past generations
Left it to us to, resonate
Reggae and hip-hop
Dance hall to punk rock
DH is here to generate
We are the last sons
Past generations

Left it to us they, resonate
If you've been hated
